

August is National Children's Eye Health & Safety Month

As the end of the summer approaches, back-to-school time is top of mind for many parents. One of the most important ways to ensure a successful school year is to make your child's sight a priority.

1 IN 4

(> 12.1 million)

School-aged children
have some form of
vision problem.

Only
52%

of children ages 3 through
5 are screened for vision
problems by their primary
care provider.

70%

of eye injuries occur
from flying objects like
balls, bats, and elbows

80%

of what children learn is visual.
